

Alamo Heights Junior School
 Back/Courtyard Pick Up Area
 Traffic Flow

The arrows below indicate the traffic patterns during pick up time afterschool.

 Broken line indicates "waiting" vehicles. These vehicles need to merge into flowing traffic as soon as the student is in vehicle.

 Solid line indicates "constantly flowing" of traffic. These vehicles need to constantly move to avoid traffic jams.

 In order to ensure student safety, students will not be allowed to cross through the island in the middle. Students must use the cross walk.
